Renault South Africa (Pty) Ltd. reserves the right to modify its models without notice, likewise their characteristics, equipment and accessories.

Renault recommends elf

Features and images may vary and be optional depending on model, and are subject to change without notice.

More refinement, more innovation

When you introduce the New Renault Sandero into your family, pleasure comes as part of the package.

Like attractive design? Need a spacious interior? What about a first-in-class turbo charged efficient engine? Want modern technology in an all new attractive package? Look no further than the New Renault Sandero.

Features and images may vary and be optional depending on model, and are subject to change without notice.

Premium style

The New Renault Sandero is a modern and refined hatchback. Its elegant lines will instantly make you feel like climbing in.

Its new bold front grille with Diamond badge and redesigned front and rear bumpers exude quality and style. The restyled front and rear lights follow the New Renault Brand signature with the headlights now featuring integrated C-shaped LED strips.

15" Wheels, and an integrated roof spoiler complement the exterior's premium look.

Features and images may vary and be optional depending on model, and are subject to change without notice.

Stepway to adventure

The New Sandero Stepway adds some spice to life with its assertive front grille, its elevated ground clearance, its roof bars and its exclusive decals.

Whether your destination is a getaway break or a night out, you'll find the tone to suit your mood. With all the creature comforts thrown in, this is a genuine luxury city car. All the style of a Sports Utility Vehicle. All the practicality of a family hatchback. Enjoy the best of both worlds with the New Sandero Stepway.

Its raised ride height gives you a commanding view of the road ahead. Its black wheel arch extensions, side sills and front and rear scuff plates make it every inch a robust Crossover. Yet there's a suave and sophisticated side to those rugged good looks: 16" 'Stepway' design wheels, satin chrome roof bars and a choice of four optional stunning metallic colours give Sandero Stepway an assured presence about town.

Features and images may vary and be optional depending on model, and are subject to change without notice.

Cabin fever

Inside the roomy cabin, you are greeted with a high quality interior featuring a leather steering wheel, gear lever and armrest, electric windows and mirrors, air conditioning, cruise control with speed limiter, central locking and a host of creature comforts you would expect from a much higher segment vehicle. The Expression models features an integrated Radio/CD player system featuring Bluetooth®, USB, AUX connectivity, steering wheel and fingertip controls on the steering column.

MediaNav® Multimedia

Find your way to a new adventure. The Renault Sandero Stepway is fitted with a state-of-the-art, user-friendly MediaNav® Multimedia System which features a first-in-class seven-inch (18cm) touchscreen display which includes integrated navigation, Bluetooth®, USB, AUX connectivity and fingertip controls behind the steering wheel. This is ideal for making safe hands-free calls and streaming music on the move.

Features and images may vary and be optional depending on model, and are subject to change without notice.

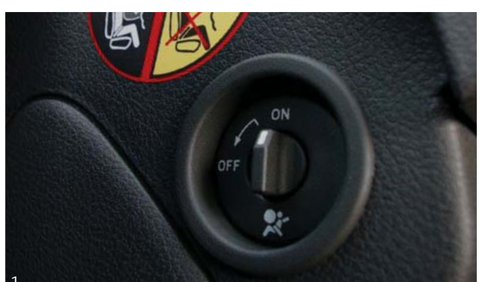
Turbo power, F1® Technology

The New Sandero is powered by Renault's proven 3-cylinder 66kW turbo engine . Based on a combination of innovative technologies, some of which are the direct result of Formula 1®, the New Sandero engine optimises driving pleasure while controlling consumption levels and CO_2 emissions.

Down in size but not down in power. Downsizing is a technique which Renault used to reduce the cubic capacity of the engine in order to reduce fuel consumption, while maintaining performance thanks to the turbo. The resulting saving in fuel consumption is estimated to be 5%. Removing a cylinder reduces friction by 20% compared with a 4-cylinder engine architecture of the same cubic capacity, leading to a 4% saving in fuel consumption. The figures speak for themselves. Combined fuel consumption is from 5.2L/100km and emission levels are a very low 119g/km.

Safety first

The New Sandero boasts an array of technology to make life safer: Hill Start Assist (HSA) for an ultimately effortless drive. Anti-Lock Brakes (ABS), Electronic Stability Programme (ESP) with Emergency Brake Assist (EBA), 4 airbags (2 front + 2 side on the Stepway Dynamique model) and 3-point rear seatbelt restraints ensure safety is standard.



1.

2.

3.

4.

1. Protection of vehicle occupants. Standard with 2 airbags on Expression models and 4 airbags (2 front + 2 side) on the Stepway Dynamique model with passenger airbag deactivation. **2. ABS** Anti-Lock Braking System with **EBD** Electronic Brake force Distribution, in conjunction with **EBA** Emergency Brake Assist: makes it possible to maintain control over the trajectory in the event of heavy braking. **3. ESP** Electronic Stability Programme (with **ASR** Anti-Skid Regulation and understeering control function). It ensures vehicle stability, especially under challenging road conditions. **4. Isofix system.** This makes for easier fitting of a child seat on rear bench and enhances its safety.

Features and images may vary and be optional depending on model, and are subject to change without notice.

The Renault Promise

MyRenault

MyRenault has been designed to make your life a little easier.
Manage your vehicle online and take advantage of a range of specially tailored offers and benefits.

Register now: www.myrenault.co.za

Parts Availability

Whatever parts you need, should we not have them, we'll offer you a mobility solution.
Renault ranks amongst South Africa's motor industry leaders in affordable parts pricing. Parts availability is ensured in Renault dealerships, but should your Renault become immobilised through spare parts being unavailable, you will be offered a mobility solution.

5 Year / 150 000km Warranty

With a 5 year / 150 000km warranty*, you're always covered.
Should you experience any mechanical failure resulting from a defect in an original part(s) on your new Renault vehicle, Renault will cover the cost of repairs for a period of 5 years or 150 000km.

Service / Maintenance Plans

We offer standard or tailor-made options to suit your needs.

Service Plan

Having a Service Plan reduces the costs of servicing your new car. The price of the Service Plan is fixed when you buy your car, so you won't have to worry about inflationary price increases on labour or parts, for the duration of your Service Plan.

Maintenance Plan

Upgrade to a full Maintenance Plan, a comprehensive package that not only covers all your service, maintenance and labour costs over a contract period, but also gives you greater peace of mind.

24hr Roadside Assistance

Whatever the emergency, we'll always be there.
Because your personal safety is of utmost importance to us, help is one phone call away. Simply dial 0861 736 2858 for assistance or for a team to be dispatched to you. Our 24 hour Roadside Assistance Plan covers all new Renault vehicles for a period of 5 years or 150 000km with an option for extension.

*Warranty does not cover wear and tear items such as shock absorbers, brake pads, clutch, cam belt, etc.
